[Chorus]

G

Big City Life,

                D

Me try fi get by,

                                         Em

Pressure nah ease up no matter how hard me try.

Big City Life,

                     C

Here my heart have no base,

                            G

And right now Babylon de pon me case.

[Verse]

             D   Em

People in a show,

                C   G

All lined in a row.

                D   Em

We just push on by.. Its funny,

          C   G

How hard we try.

[Bridge]

                  D   Em

Take a moment to relax.

                  C   G

Before you do anything rash.

[Verse]

               D

Don't you wanna know me?,

         Em   C

Be a friend of mine.

                           G

I'll share some wisdom with you.

                  D

Don't you ever get lonely,

          Em   C

From time to time

                      G

Don't let the system get you down

[Chorus]
G
Big City Life,

                D
Me try fi get by,

                                     Em
Pressure nah ease up no matter how hard me try.

Big City Life,

               C
Here my heart have no base,

                         G
And right now Babylon de pon me case.
